

Children's Access Discount

These instructions show how to apply a 25% discount to show tickets for a child with access needs and their accompanying adult. Please note that **the discount is only available at full price performances**: this means it is not available at performances that already have a lower price than most performances of that production, including Relaxed Performances, 4.45pm performances, and discounted previews.

1. **This discount will only work if we have marked your account as eligible AND you enter the promotion code CHILDACCESS.** If this is your first time booking with the discount, please contact the box office on boxoffice@littleangeltheatre.com or 020 7226 1787, explaining your eligibility, and we will mark your account as eligible. If you know your account is already marked as eligible, just make sure you are booking with the same email address. Contact the box office if you need help at any point.
2. Enter the numbers of adult and child tickets you need, then click the Continue button.

All children aged 1 or over on the day of the performance need their own tickets for shows.
